

College of Agriculture and Life Sciences Early Achievement in Extension Award

Purpose: To recognize faculty or staff members who have demonstrated outstanding accomplishments in extension unusually early in their professional careers.

Eligibility: Members of the faculty or professional staff with not more than 6 years experience post Ph.D. (or other appropriate terminal degree) and a minimum of 2 years at ISU.

Nature of the award: \$500 one-time stipend.

Number of Awards: One

Criteria: Evidence of outstanding extension performance as documented by clients and peers

Guidelines for Submitting Nominations for Faculty Extension Award

The following guidelines are intended to help departments make their nominations as strong as possible.

1. Begin with a statement of no more than three pages describing why this person deserves the award for which he or she is being nominated. The purpose of this statement is to persuade those reviewing the nomination that your candidate is deserving of the award. Cite specific examples of relevant behaviors, publications, and recognition whenever possible.
2. Include the nominee's current curriculum vitae (not to exceed four pages).
3. Include statements from the nominee's colleagues who are in a position to comment on his or her extension programs. Two or three letters are sufficient.

No additional materials will be considered

Applications are to be submitted electronically to the College of Agriculture and Life Sciences Awards Committee, 130 Curtiss Hall, by the third Tuesday in November.

Nominations are to be coordinated with the department awards committee.
